In “Automated Intraoperative Short Messaging Service Updates: Quality Improvement Initiative to Relieve Caregivers' Worries” (*JMIR Perioper Med* 2022;5(1):e36208) the authors noted one error.

In the originally published article's *Acknowledgments* section, two names were inadvertently misspelled.

These names have now been corrected to “Carl Davidson-Desbiens” and “Mireille Dessureault” in the following statement:

*Finally, we express our gratitude to Carl Davidson-Desbiens, Mireille Dessureault, and Sherley Durand from General Electric Healthcare as they adapted the operating room (OR) clinical information software and made this project possible.*

The correction will appear in the online version of the paper on the JMIR Publications website on July 15, 2022, together with the publication of this correction notice. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.
